

Regarding: Certificate of Hygiene -

Air handling unit eQ - Registration number HKP 02/13 – 01 and

Casing for air handling unit eQ, stainless steel version - Registration number HKP 02/13 – 02

Due to long lead times for certifications, renewed testing of the eQ Air handling unit have been postponed and are planned for 2021.

To be noted is that no changes have been made in the eQ Master design for hygiene critical components.

Therefore, we still comply with the regulations as tested and approved by ILH as enclosed Certificates which are:

- VDI 6022, sheet 1 (04/2006)
- SWKI VA104-01 (04/2006)
- VDI 3803 (02/2010)
- ÖNORM H 6021 (09/2003)
- DIN EN 13779 (09/2007)
  
- DIN 1946-4 (12/2008) (Stainless casing HKP 02/13 – 02)
- SWKI 99-3 (03/2004) (Stainless casing HKP 02/13 – 02)
- ÖNORM H 6020 (02/2007) (Stainless casing HKP 02/13 – 02)

Jönköping 2020-11-12
