Service

Our long-standing expertise in this field makes FläktGroup® the preferred partner. Products and services from FläktGroup® means a perfect fit with reliable and sustainable up-to-the-minute solutions.

We are committed to Quality, Health, Safety and Environmental excellence and to the following principles:

- Understanding and exceeding expectations of organizational context;
- Identifying, analyzing and effectively managing risks arising from our business activities;
- Complying with all legal requirements, in the countries being active;
- Creating an accident-free and incident-free workspace and preventing occupational illnesses;
- Preventing environmental pollution and reducing energy consumption, waste generation and emissions;
- Taking precautions to prevent major accidents and appropriately managing emergencies, incidents and impacts;
- Assigning clear roles and responsibilities and conducting training to ensure the necessary competence;
- Providing and maintaining appropriate technology, working methods, tools and procedures that fulfill our objective;
- Continually monitoring and improving our systems, performance and impact by reviewing our objectives and targets and implementing appropriate corrective and preventive sustainable actions

Each of our departments, including production, engineering, sales and service, is responsible for establishing objectives and targets as well as developing and implementing sustainable programs to achieve them.

The departments of FläktGroup® will cooperate to provide the necessary resources for achieving this policy.

This policy should be communicated to all persons working for or on behalf of FläktGroup®, and everyone shall be involved in the application of this.
