Screenshot of the ACON 3.0 web application interface. The browser address bar shows 'acon.flaktgroup.com/WebApp/FlieAcon.WebApp/acon01/project_search.aspx'. The user is logged in as 'Martin Crona'. The interface includes a sidebar with navigation options like 'My settings', 'New project', and 'Search'. The main content area displays a search results table with columns for Project name, Project number, Date of registration, Registered by, and Pid.

Project name	Project number	Date of registration	Registered by	Pid
Stuttgart schulung	180626	Martin Crona	5296	
Butzbach schulung	180625	Martin Crona	5293

Another screenshot of the ACON 3.0 web application interface, showing a search form and a search results table. The browser address bar shows 'aconc.flaktgroup.com/WebApp/FlieAcon.WebApp/acon01/project_search.aspx'. The user is logged in as 'MARTIN CRONA'. The interface includes a sidebar with navigation options like 'Edit profile', 'Unit', 'Energy calculation', 'Units of measurement', and 'Log off'. The main content area displays a search form with fields for Project name, Project number, and Pid, and a search button. Below the form is a search results table with columns for Project Name, Project Number, Date Of Registration, Registered By, and Pid.

Project Name	Project Number	Date Of Registration	Registered By	Pid
Stuttgart schulung	180626	Martin Crona	5296	
Butzbach schulung	180625	Martin Crona	5293
